A. B. C. Code 5th Edition. Cable Address, CHILDS, Floral Park, N. Y.

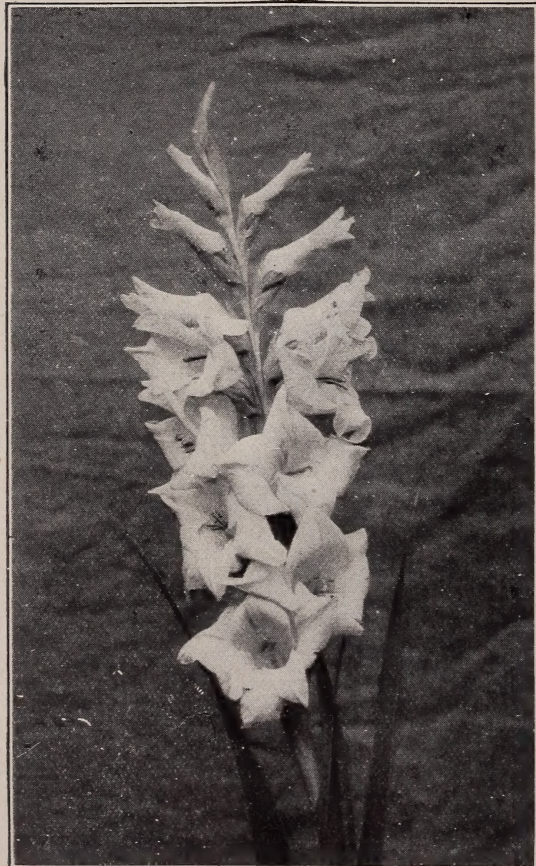

Wild Rose—Has the beautiful wild rose tinge

**JOHN LEWIS CHILDS**

FLOWERFIELD, L. I., N. Y., U. S. A.

# GLADIOLI That are Noted for SUPERIOR MERIT

"NIAGARA"

- Per 100
- No. 1—**Safrano**—Long spike; large, slightly fringed flowers of a delicate nankeen-yellow; center currant-red and stripes of the same color. Very handsome. A very fine ruffled and fluted variety. \$30 00
- No. 2—**Princeps**—(The Amaryllis-flowered Gladiolus). Color rich crimson with broad white blotches across the lower petals making it a most striking variety. . . . . 12 00
- Niagara** [Banning]—In type the variety resembles "America," but the flowers appear to be somewhat larger, measuring  $4\frac{1}{2}$  inches across. In color the flowers are a delightful cream shade with the two lower inside petals or segments blending to canary yellow. The throat is splashed with carmine, and the lower ends of the outside petals are also blushed with carmine. The stamens are purple and the stigmas pale carmine, this little addition in the coloring relieving the creamy effect of the petals. The flower spike is very erect and stout and is wrapped with broad dark green foliage. The variety is evidently destined to lead in the cream colored varieties, in fact it would seem to be in a class all by itself. . . . . 18 00
- Panama** [Banning]—A new seedling of "America" which resembles the parent variety in every way except that it is a much deeper pink. A grand variety which evokes words of praise wherever exhibited, Awarded "First Class Certificate" by Newport Hort. Society Sept. 16th, 1911. Spike very long with flowers large and well arranged. . . . . 30 00

## GLADIOLUS AMERICA

The sterling qualities of this variety has placed it in the foreground of all Gladioli, and it has become to be used as a standard by which all others are judged and compared. It has outdistanced all others in point of quantity grown and sold as well as in prices realized for the blooms when grown by florists. It is considered to be the florists variety.

**OTHER POINTS OF MERIT.** *Ideal Color.* Flesh pink tinted with lavender. Vigorous and easily grown. Long spike. Large flowers well placed. Excellent foliage. Earns certificate of merit wherever exhibited. We could not supply demand last year. \$4.00 per 100; \$35.00 per 1000.

"ALASKA"

## Two Superlative New White Gladioli

**Alaska** [Childs 1911]—Now offered for the first time. A pure white variety having a strong constitution and producing a long spike of well formed flowers. This variety was exhibited at the Convention of the S. A. F. and O. H., at Philadelphia 1907, under No. 27, and was awarded certificate of merit. \$60 00 per 100.

**Silver Sheen** [Childs 1911]—A fine white variety the petals of which have the appearance of being overlaid with a coat of glistening silver. Very fine and effective. \$50 00 per 100.

Splendid Varieties of Recent Introduction by Various Growers

- |   |         |
|---|---------|
| No. 1. <b>La Luna</b> [Groff's]—The large heavy buds open as pale yellow, changing to nearly white when expanded. Splendid.   | Per 100 |
| No. 2. <b>Sans pareil</b> [Vilmorin Andrieux & Co.]—Perfect spike; very large flowers, from 4 to 5 inches, of a very bright orange-rose, slightly striped with vermilion; large white blotch. We consider this one of the most striking varieties we have tested. | \$30 00 |
| No. 3. <b>Le Triomphe</b> [Vilmorin Andrieux & Co.]—Splendid spike; very large flowers, from 4 to 5 inches, well-expanded, rosy-lilac, striped with carmine-red; white blotch. Variety of great merit.  | 50 00   |

"GLORY" (Kunderdi)

- |   |         |          |
|---|---------|----------|
| <b>Fascinator</b> [E. S. Miller]—Magnificent salmon-pink flamed with carmine, blush throat with lake pencilings; very large flowers and tall well filled spike.   | Per 100 | 1000     |
| <b>Kunderdi "Glory"</b> [New 1911. Originated by A. E. Kunderd.]—Each lower petal is exquisitely ruffled and fluted. Stalks grow from 4 to 5 feet tall, very robust and produce from 8 to 12 massive beautiful flowers, which expand wide open and are delicate cream pink with a neat crimson stripe through the center of each lower petal. | \$35 00 | \$300 00 |
| <b>Peace</b> [Groff's]—Flowers are large, of good form, correctly placed on a heavy straight spike. Beautiful white, with pale lilac feathering on inferior petals.   | 10 00   | 90 00    |
|   | 25 00   | 200 00   |

NEW BOOK

"THE GLADIOLUS"

Written by the well known Gladiolus experts, Matthew Crawford and Dr. W. Van Fleet, this 120-page book contains many valuable chapters covering all phases of growing, propagating, storing, etc., together with some pages of helpful cultural notes gathered from other reliable sources.

The book is substantially bound in cloth, the cover being decorated with illustrations of Gladiolus Princeps. The book is replete with fine illustrations showing present popular varieties.

Since its publication it has won rapid recognition as a necessity for both amateur and grower. The following excerpts from comment upon the book show its timeliness and value:

"A helpful book, and we are glad to add it to our reference library."—W. E. Andrews, Associate Editor of the Farm Journal, Philadelphia, Pa.

"The volume is most timely in view of the present world-wide interest in the Gladiolus."—The American Florist, Chicago.

We are prepared to supply you with the book for **\$1.25 Postpaid**.

# GLADIOLUS CHILDSI

Tall and erect standing four and five feet high, with spikes of bloom over two feet length. The flowers are of great size. The form of both flowers and spike is perfection itself, and they last in bloom a long time before fading, owing to their great substance and vigor, but the most remarkable feature is the coloring. Orchids cannot surpass them in their varied and delicate shades, markings and blendings. Every color known among Gladiolus is represented, and many never before seen, particularly blues, smoky grays and purple blacks, all having beautiful mottled throats, made up of white, crimson, pink, yellow, etc., and in this peculiar network of charming spots and colors lies one of its special points of unsurpassed beauty. They outrank all other Gladioli in size of spike, size of bloom, vigor, varied and magnificent coloring and freedom of bloom.

"ALINE"

Per 100

<b>America</b> —Large flower, flesh pink, beautiful.....	\$ 4 00
<b>Aline</b> —A large wide open flower, pure white, slightly striped crimson or pink, Extra fine.....	20 00
<b>Attraction</b> —Deep, dark, rich crimson with a very conspicuous large pure white center and throat. At once a most beautiful and attractive sort.....	4 00
<b>Adolf Jaenicke</b> —Extra large, beautiful bluish pink with bright violet and purple mottled center. Very delicately and beautifully colored.....	10 00
<b>Barclay</b> —Fine wide flower, soft rose with white throat.....	25 00
<b>Brilliant</b> —Beautiful orange-red, with carmine and white throat. Superior to all other scarlets.....	3 00
<b>Burlington</b> —Bright pink, beautifully tinged with orange-scarlet. Carmine and white throat.....	6 00
<b>Blanche</b> —Large flowers, pure snow-white, with but faint marks.....	12 00
<b>Boston</b> —Flaming orange-scarlet, with white throat....	4 00
<b>Cardinal</b> —Perfect flower and spike, very large and the brightest, clearest and most intense cardinal scarlet yet seen. Very rich and showy and by all odds the very finest high colored sort.....	8 00

Per 100

<b>Columbia</b> —Light orange-scarlet, freely blotched and penciled with bluish purple. Throat freely mottled.....	\$ 2 00
<b>Compacta</b> —Large flower, very compact. Wide spike. Rosy blush, slightly striped and mottled pink. Quite distinct and very handsome.....	5 00
<b>Capt. C. B. Tanner</b> —Extra large and fine. Brilliant crimson and white freely mottled and intermixed.....	4 00
<b>Dr. Selwe</b> —Large spike and very large flower, of great substance. Deep, rich rosy carmine, slightly penciled darker. Petals and throat rayed white....	4 00
<b>Dawn</b> —Elegant rose with large pure white center. Exceedingly beautiful.....	15 00
<b>Dorothy Burnham</b> —Enormous size, rosy flame color with large pure white throat. Splendid.....	20 00
<b>Deborah</b> —Dark red, tinged with amaranth. Large white throat and blotches, white band through petals.....	4 00
<b>Duchess</b> —Strong luxuriant grower with immense spikes two feet in length, color peculiar mottling of light and dark salmon reds, with white spotted and mottled throat.....	20 00
<b>Eva</b> —Beautiful rose shaded and marked with slate. Throat finely mottled with various colors.....	5 00
<b>Expansion</b> —Large widely expanded blossoms. White, pink and crimson freely mottled.....	6 00
<b>Freak</b> —Flowers without stamens or anthers and often quite double. Rich maroon red, shaded slaty-blue.....	15 00
<b>F. L. Oakley</b> —Bright salmon tinged scarlet, with a pure white center. Very fine and showy variety....	4 00
<b>Fantastic</b> —Large flaming scarlet of a bright shade, freely penciled deep crimson.....	10 00
<b>Geo. B. Remsen</b> —Bright crimson and white freely intermixed.....	4 00
<b>Governor McCormack</b> —Large flowers and truss. Beautiful rose, mottled with silver gray and with violet and white mottled throat.....	6 00
<b>Glowing Coal</b> —Bright, deep fire scarlet, with a rich velvety maroon throat. Exceedingly rich and brilliant color.....	15 00
<b>Gracilis</b> —Slender, graceful spike with large flowers of a dull red color, margined and penciled slate blue....	3 00
<b>Harlequine</b> —White and dark crimson freely suffused, striped and spotted.....	10 00
<b>Helen</b> —Blush white, striped crimson. Very prett.....	15 00
<b>Henry Gillman</b> —Deep salmon-scarlet, with pure white bands; the throat showing peculiar mottling.....	2 00
<b>Imperial Pink</b> —A tall, rank grower with a spike two to three feet in length and a flower of the very largest size. Color, light salmon-pink, penciled with a deeper shade. In both flower and spike this is one of the very largest and finest varieties in cultivation. This variety was introduced by us in 1904, but was soon withdrawn from our catalogue as the demand exceeded the supply. We now have a fine stock....	30 00
<b>I. S. Mendrickson</b> —A beautiful and irregular mottling of white and bright deep pink; in some the pink, and in others the white, predominating. Flowers and spike very large and fine.....	5 00
<b>Irene</b> —Fine large flower and stalk. Color a fine shade of pink freely flaked bright crimson.....	4 00
<b>Jay</b> —Compact spike; large open flower of great substance. Bright crimson-pink, flamed darker.....	20 00

- Contrast—Flowers of great substance and a beautiful compact spike of perfect form. Color, intense scarlet with large, distinct, pure white center which is neither tinted or mottled. One of the most striking and beautiful Gladiolus ever introduced..... 25 00
- Corsaire—Compact spike, large flowers of a very intense dark and velvety scarlet, tinted brown.. 4 00

- Edna—White and pink, freely striped, mottled and blotched..... \$25 00
- Emma Thursby—White, striped and blotched... 3 00
- Eugene Scribe—Very large and wide; tender rose, blazed carmine-red. Exceptionally fine for florists use..... 4 00
- Fra Diavolo—Long, compact spike of large, bright orange-red flowers flushed violet-red at the edges of the sepals; large pale yellow blotch.... 20 00
- Gen. Phil Sheridan—Fiery red, large white blotch 3 00
- Gen. Sherman—Extra fine large scarlet..... 6 00
- Glory of Brightwood—Scarlet; with lemon throat. 4 00
- Glare—Compact spike of large size and perfect form. Intense scarlet, with a bright violet-blue throat. 15 00
- Geo. Vollmar—Dark pink suffused orange with light yellow rays and throat. Very fine..... 15 00
- Glory—Enormous flower and perfect form, making an elegant spike. Salmon, light shaded inside.. 15 00
- Harmonia—Bright purple shaded crimson, and veined white, with a large snow-white center... 25 00
- Isaac Buchanan—Very fine yellow. .... 4 00
- Lamarck (De)—Cherry, slightly tinted with orange-red..... 1 50
- Le Poussin—Light red, white blotch..... 4 00
- Lemon Drop—Light lemon with bright yellow throat..... 5 00
- Lacross—Fine spike; orange scarlet flaked maroon.. 5 00
- Magnificus—Tall variety with handsome spikes of large flowers; round and open; cinnabar red; fine white blotch; edged with violet... 20 00
- Mahdi—Large, deep, reddish-black.... 10 00
- Madame Monneret—Delicate rose..... 3 00
- May—A lovely pure white finely flaked rosy crimson.. 2 50
- Maseppa—Fine orange. Good perfect flower.... 5 00
- Mr. Bains—A distinct color; a clear pure light red. 4 00
- Octoroon—A beautiful salmon-pink; very distinct.. 4 00
- Ophir—Dark yellow. purple blotch..... 5 00
- Pactole—Creamy-yellow, blotched carmine..... 5 00
- Phebus—Brilliant red; large pure white blotch.... 6 00
- Richard Cœur de Lion—Fine spike of large flowers of a bright crimson-red color flamed and edged with garnet; lower petals spotted and blotched yellow..... 5 00
- Shakespeare—White, very slightly suffused with carmine rose; large rosy blotch..... 6 00
- Sunshine—Tall spike with twenty or more flowers. Fine yellow ..... 8 00
- Salmonia—Good spike of flowers which are composed of various shades of salmon yellow..... 30 00
- S. Parnell—Bright rosy pink. Shaded lighter inside. 15 00
- Sylphide—Pure white, flamed carmine..... 4 00
- Sulphur King—This is by all odds the most valuable yellow variety ever introduced. It produces a very long spike of the clearest sulphur yellow flowers yet seen in any Gladiolus. As it becomes known there will be a great demand for it, as it fills the need for a sterling yellow variety. 15 00
- Thalia—White, flamed and streaked with carmine... 4 00

## Mixed Lemoinei Gladioli.

We offer a splendid mixture of Gladiolus Lemoinei, all colors and varieties. More than 100 sorts. \$1.50 per 100. \$10 per 1000.

"Attraction"

## Attraction

Deep, dark, rich crimson with a very conspicuous large pure white center and throat. An ideal forcing variety, always gives satisfaction where its color is wanted.

\$4.00 per 100. \$30.00 per 1000.

# LILIUMS

FINE HEALTHY, HOME GROWN STOCK

Lilies are among the finest of our garden flowers and take very kindly to cultivation. They are useful for planting in the border, among shrubbery, or in masses when striking effects are desired. Most of the bulbs we offer are grown on our own grounds and can be relied upon for health, vigor and free growing qualities.

	Doz.	100	1000
<b>Auratum</b> —(The Golden Banded Lily of Japan)—We can say that this is the grandest of all Lilies, and certainly the most popular.....	75	6 00

<b>Monstrous Album</b> —Broad, flat stems and immense heads of flowers often fifty in a cluster. Pure snow white.	60	5 00	45 00
<b>Opal</b> —The deeply recurved petals are snowy white at the tip, gradually deepening in color to the base of each petal which is blotched with a raised moss-like fringe, which glistens like diamonds. The flower is very large.....	4 00	25 00	200 00
<b>Praecox</b> —Large, perfect and beautiful. Frosted white with a tinge of blush at the top of petals. The blush-like fringe in each petal adds to its beauty.....	1 50	8 00	75 00
<b>Punctatum</b> —Fine white with a delicate pink tinge and rosy spots.....	1 00	8 00	
<b>Rubrum</b> —Deep rose, freely spotted crimson and mottled white; perfectly exquisite.....	75	6 00	55 00

"HENRYI"

## Henryi

(The Yellow Speciosum.)

A splendid Lily from the mountains of China. It is a most vigorous Lily. Its flowers closely resembles those of *L. speciosum* in shape, but in color they are a handsome deep orange-yellow banded with green. It will thrive without any special care and produce a strong panicle of flowers. Like most other Lilies of the Speciosum class, it is well to cover it a little.

**\$6.00 per Dozen    \$40.00 per 100.**

## Lilium Tenuifolium.

The lovely Coral Lily of Siberia. A great beauty. The brightest of all Lilies. Grows 20 inches high, with finely cut foliage, slender stems and beautiful shaded flowers of a brilliant coral-red. One ought to grow them by the dozen, they are so fine for cutting, and making clumps for the lawn. Blooms very early.

**\$6.00 per 100.    \$50.00 per 1000.**

## Grand New Lilium Golden Gleam.

A seedling of that lovely Lily, *Tenuifolium*, and is identical to it in form, habit, brilliant lustre, etc., except in color which is a beautiful pure golden yellow.

**60c. each.    \$50.00 per 100.**

## Hansoni.

Under favorable conditions attains a height of 3 to 4 feet. Flowers reddish orange 8 to 12 in a cluster; petals thick and durable; a native of Japan and has always been high in price, but we have a stock of strong home-grown bulbs that will give splendid satisfaction.

**\$4.00 per dozen.    \$25.00 per 100.**

"HANSONI"

## THE BEST CANNAS

The following are among the very best of the improved flowering Cannas, and will give great satisfaction.

	Per 100
ALLEMANIA—Ground color yellow, heavily blotched and overlaid with blood-orange. 5 feet.	\$ 3 00
BURBANK—Very rooty and vigorous; color lemon-yellow, thickly spotted in the throat with bright scarlet. 6 feet	3 00
BLACE PRINCE—(Green-leaved). A tall growing sort, with fine showy flowers of crimson-scarlet, over-laid maroon. 5 feet.	4 00
BRANDYWINE—Large trusses; flowers cherry-red, boldly dappled with crimson. Dark foliage heavily ribbed and margined chocolate. 4 feet.	3 00
CHAUTAUQUA—Intense scarlet blossoms of great size, and dark colored foliage. 3½ feet	3 00
COMPTE DE BOUCHARD—Golden yellow flowers spotted red. 4½ feet.	3 00
DOCTOR NANSEN—(Green-leaved). Fine heads of pure yellow flowers. 3 feet.	3 00
EGANDALE—Currant red; very free. Healthy bronze foliage, 3 to 4 feet.	3 00
FLAMINGO—The color is intense and clear crimson; flowers are of large size and borne on immense trusses in great profusion. 3 feet.	3 00
GLADIATOR—(Green-leaved). A very showy bedding Canna of medium height, with large flowers of brassy yellow thinly speckled in dull red. The long center petals and lower petal are solid dark red, making a most striking contrast to the predominating yellow. 3 feet.	5 00
ITALIA—Great crinkly petals of clear yellow, irregularly overlaid with varied shades of orange-scarlet. 5 feet.	3 00
INDIANA—(Green-leaved). One of the gorgeous "Orchid-flowered" class. Soft orange, lightened by flecks of gold, penciled and slightly margined with deep rose. 6 feet.	4 00
KING HUMBERT—In this grand new Italian Canna we have a combination of the highest type of flower with the finest bronze foliage. Its flowers which under ordinary cultivation will measure 6 inches in diameter, and which are produced in heavy trusses of gigantic size, are of a brilliant orange-scarlet, with bright red markings, while the foliage is broad and massive and of a rich coppery bronze with brownish green markings. Bold and effective. Makes a gorgeous effect when planted in mass. 5 feet.	5 00
LOUISIANA—Soft, glowing scarlet, with orange throat markings. Darker than Pennsylvania. 6 feet.	4 00
MAD. CROZY—3½ feet. Vermillion with gold border. The sort which popularized the Canna.	3 00
NEIL CAMPBELL—Tall grower, dark foliage, very free bloomer, orange-colored flowers.	3 00
PRESIDENT MEYER—Handsome bronze and sepia foliage; flowers large, in wide trusses, cherry-carmine. 6 feet	3 00
PENNSYLVANIA—Lustrous, wavy petals of great size, in which the richest shades of orange and scarlet are exquisitely blended. 6 feet.	4 00
R. WALLACE—A new Canna, the largest and finest pure yellow grown. Enormous and color fine. 4 feet.	4 00
SOUV. DE MAD NARDY—Green foliage. large round flowers with yellow coloring entirely spotted with large black spots. 4 feet.	3 00
WM. BOFINGER—Brightest and richest scarlet. 5 feet.	3 00
GIANT-FLOWERING PURPLE FOLIAGE CANNA, "WYOMING."—This is one of the most majestic Cannas. Blossoms orange colored, true orchid shaped with large rounded petals that flap and flutter in the breeze like glistening flags. Height, 7 feet.	5 00

## THE BEST DAHLIAS

Strong Field Grown Roots

	Per 100
COUNTESS OF LONSDALE [Cac]—For perfection of bloom, size and erectness of stem, abundance of flowers and general use as a garden flower, although quite old, this variety has never yet been equalled. On several of the plants we counted over 150 perfect bloom at one time. Is there any other garden flower that can equal it? The color is a rich salmon, tinted apricot.	\$ 8 00
DELICE [Dec]—This without doubt is the finest pink-colored decorative Dahlia. In form excellent. In type the ideal. In coloring superbly delicate and appeals to the sight at once, being of bright pink suffused with a deeper shade.	20 00
FRIEND HESFDERFER [Cac]—A deep colored flower of a dark shade of melon-yellow, petals are broad at base and twisted or whorled at points.	8 00
FLORAL PARK JEWEL [Fancy]—Flowers of many colors, from deep maroon to bluish white, including beautifully spotted and variegated forms, are borne in great profusion on the same plant at the same time.	6 00
FRANK SMITH [Fancy]—Deep maroon, shading through pink to a pure white tip.	8 00
GREEN'S WHITE [Cac]—For the garden a hard variety to beat, a great bloomer but the center of its white flowers are filled with an open center, yet to many, being so full of Daisy eye that it makes fine table bouquet	6 00
HONEYSUCKLE [Cac]—A fine all around variety, long petals pointed and twisted, yellow, back of petals red.	8 00
JACK ROSE (Dec)—Claimed to be wonderfully long in stem and in color like the shade of Jacqueminot Rose.	8 00
LIBELLE (Cac)—Clear deep rose magenta and purple.	8 00
MARY D. HALLOCK (Show)—Large double and extra fine in every respect. Bright yellow.	6 00
MARY SERVICE (Cac)—Pinkish heliotrope, shading to yellow in center.	8 00
SERPENTINA (Cac)—Deep violet rose.	6 00
SUNRAY (Cac)—Exquisite lemon-yellow.	6 00
VESTA (Cac)—Beautiful pink flower paler toward center; of good cactus shape, having long, narrow petals; good size	6 00
ALL TYPES AND COLORS MIXED.	4 00

# IRIS

*Our stock of both Japanese and German are home grown.  
Pieces will average 2 eyes.*

## Kämpferi or Japanese.

### DOUBLE

- GOLD BOUND—Pure white, one of the best.
- LA FAVORITE—Large fine white freely veined blue and a rich purple center.
- MAHOGANY—Dark red, shaded maroon.
- NORMA—Very deep lavender. Center of petal deeply shaded. Center deep lilac and yellow.
- ORIOLE—Somewhat similar to Crimson Tuft, but an improvement.
- PYRAMID—Lilac blue, veined white center each petal.
- SPOTTED BEAUTY—Large size. Wavy, double, silky white, freely and finely spotted with violet-crimson.
- VICTOR—White, veined violet purple. Violet purple center.

### SINGLE

- AIRSHIP—Enormous large flower, petals very large, broad, beautiful sky blue. Extra fine.
- APOELO—Pure white, pink center.
- H. VON SIEBOLD—Reddish, veined white, yellow center.
- LAVENDER QUEEN—Fine lavender.
- MARS—Reddish purple, striped and blotched white.
- NIGHT FALL—Great wavy petals of richest, deepest blue black color. Entirely new and extra fine.
- ONDINE—White shaded light blue towards center. Very large, nine or ten inches.
- PLUME—White, slightly suffused with blue, violet veins. Center deep lilac.
- QUAKERESS—Ash gray, a most novel and striking shade of color, veined and shaded blue. Pale pink and yellow center.

Above named sorts, \$6.00 per 100 ; \$50.00 per 1000.

Double and Single varieties mixed, \$3.50 per 100 ; \$30.00 per 1000.

SEEDLINGS : Some beautiful colors, all very fine, \$4.00 per 100 ; \$30.00 per 1000.

## Iris Germanica.

- ALVELREA—Upright petals light blue, falls brilliant purple, blue flaked and feathered.
- CANDIAMUS—Light lavender ; falls reddish purple.
- FLORENTINA—Creamy white, fragrant and early; fine for cutting.
- FRAGRANCE—White edged with blue ; falls white with blue penciling.
- HONORABLE—Intense yellow, falls a beautiful bronze.
- INNOCENCE—White, edged with blue.
- MRS. H. DARWIN—Very fine large white.
- MADAM CHEREAU—Pure white edged with azure blue ; falls deep white with blue penciling.
- NECLECTA—Upright, fine blue; falls deep blue. Large flower.

- PEARL—Very light lavender, falls deep lavender.
  - PENELOPE—Uprights are nearly white, falls veined lively purple.
  - PARKMANI—Uprights pure lemon ; falls white veined purple.
  - QUEEN OF THE GYPSIES—Dusky light bronze ; falls purplish red.
  - SANS SOUCCI—Yellow, elegantly reticulated light maroon.
  - STENOPHYLLA—Self color, light blue shaded darker.
  - SOUVENIR—Uprights brilliant yellow; falls freely veined network of yellow, buff and purple.
  - VELVETEEN—Yellowish buff; falls intense plum purple.
  - VISC. DE BRABRANT—Uprights, yellowish white, flaked purple; falls finely feathered white and plum.
- Named varieties \$3.00 per 100 ; \$25.00 per 1000.  
Mixed \$2.00 per 100 ; \$15.00 per 1000.

## Iris Pallida Dalmatica.

Claimed to be the noblest of all the Iris family, stems growing three to four feet, leaves 2 inches wide and 18 inches long. The flowers are very large, sky blue and fragrant. \$12.00 per 100.

**EMERALD VINE**—(*Dioscorea Fargessi*)

This beautiful new vine belongs to the same family as the well-known Cinnamon Vine, but is entirely different and much finer. The vines are of slender growth and very graceful, and produced in dense masses. Foliage of good size and forked or divided, of a deep emerald green with a decided lustre or sheen rarely seen on any foliage. Tubers round and solid like a Gladiolus bulb, therefore, most convenient to handle. Flowers in drooping racemes and so numerous as to be a very distinct and attractive feature of the vine. Small bulblets are formed at the axils of the leaves as in the case of the Cinnamon Vine. All in all it may be called the most useful and attractive hardy climbing vine. 6oc. per dozen. \$4.00 per 100. \$35.00 per 1000.

CYCLOBOTHRA FLAVA

	Per 100	Per 1000
Narrow grassy foliage and a constant bloomer. Flowers bell-shaped, bright yellow dotted brown.....	\$ 2 50	\$20 00

EUCOMIS PUNCTATA

**EUCOMIS PUNCTATA**

This plant is a native of the Cape of Good Hope, and is nearly hardy in New York. It is most useful for decorative purposes as a pot plant. The accompanying illustration gives a good idea of its effect-iveness, and there are few plants more useful or that will attract wider attention. Easily grown and a good bloomer. May be treated in all respects like an Amaryllis. . . 20 00

**HYACINTHUS CANDICANS**

They contrast elegantly with Gladiolus. Planted anywhere, singly or in clumps, they are magnificent. For a cemetery nothing can be more beautiful or appropriate, and nothing thrives better in any situation. 1 to 2 inches..... 1 25 16 00  
2 to 3 inches..... 1 50 12 00

**THE GREAT ISMENE**

[*Ismene Calathena Grandiflora*]

Those who are familiar with the true Giant Ismene cannot say enough in praise of its beauty and purity. The flowers are of a very large size, like an Amaryllis, novel form and of snowy whiteness, and are also exceedingly fragrant. It is really one of the most lovely of all the great Amaryllis tribe, having a peculiar grandeur which one can appreciate at sight, but cannot describe. Bulbs are large and strong and begin to flower in two or three weeks after planting, sending up tall flower stems, which bear several of its magnificent blossoms ..... 5 00 40 00

**GIANT  
ISMENE  
CALATHENA.**

DESCRIPTION ON PAGE 15

**LYCORIS SQUAMIGERA**

OR

**AMARYLLIS HALLII**

A perfectly hardy Amaryllis producing beautiful pink flowers.

**Description**—Lycoris Squamigera produces in early spring attractive green foliage which grows until July when it ripens off and disappears, and one not familiar with its habits would think the bulb had died, but about a month later as if by magic the flower stalks spring from the ground to a height of two or three feet, developing an umbel of large and beautiful lily-shaped flowers 3 to 4 inches across and from 8 to 12 in number, of a delicate lilac pink shaded with clear blue.

**Culture**—As the bulb is perfectly hardy without any protection it can be planted either in the Fall or Spring but we consider Fall the best time as the bulbs will have a chance to get established before flowering time. Cover the crown about 4 inches.

Very useful for the border or among shrubbery.

Price for strong blooming bulbs 15c. each; \$10.00 per 100; \$90.00 per 1000.

**Lycoris Squamigera (MAGIC FLOWER)**

**MADEIRA VINES**

A most popular climber. Strong roots.....	Per 100	1000
	\$15 00	\$ 10 00

**MILLA.**

**Biflora**—(Mexican Star of Bethlehem)—One of the loveliest and most desirable bulbs. The flowers are nearly 2½ inches in diameter, of a pure waxy white color..... 2 50 20 00

**MONTBRETIAS.**

Hardy, summer-flowering bulbous plants, with brightly colored flowers, borne on long, graceful spikes. Valuable for cutting.

<b>Bouquet Parfait</b> —Vermillion, deep golden center	2 00	15 00

# A Few Hardy Perennials, Etc.

## Arundo Donax.

Per Per  
100 1000

VARIEGATA—A beautiful variegated form.  
Foliage creamy white and green.....\$5 00 40 00

## Clematis Paniculata.

Clean, thrifty, robust growing vine of graceful habit with attractive glossy green foliage and covered in August and September with a sheet of clustered snow-white bloom of the most delicious fragrance. No other vine so completely covers itself with flowers. An arbor or portico over which this Clematis is trained is a wall of white for the time being, and what makes it the more striking is that nearly all other vines have ceased blooming at the time... 6 00 50 00

## Daphne.

CNEORUM—A hardy shrub which trails over the ground in a most beautiful manner. Extra fine for any position, and being evergreen it is the most desirable plant we know for cemeteries. The plant is composed of spiral branches of dense evergreen leaves. The flowers are a lovely pink color, in clusters, and are borne profusely in early spring, and during summer and fall. 15 00

## Dicentra Spectabilis.

BLEEDING HEART, or SEAL FLOWER—An old fashioned favorite; its long racemes of graceful heart-shaped flowers are always attractive. Is perfectly at home in any part of the hardy border, and especially valuable for planting in the shade..... 5 00 45 00

## Delphinium Formosum.

The blue Larkspur of our grandmothers' gardens. Grows about 3 feet tall with long spikes of most intense dark blue flowers an inch across, with white centers; all summer. It is an old favorite and is of late receiving the notice it so well deserves. We can supply an extra fine grade of plants..... 5 00 40 00

## Funkia.

PLANTAIN LILY—The Plantain Lilies are among the easiest plants to manage; their broad, massive foliage makes them attractive subjects for the border even when not in flower. Variegated..... 4 00 35 00

## Hemerocallis.

FLAVA (*Yellow Day Lily*)—A most useful desirable herbaceous plant, producing its large, fragrant yellow flowers during July and August in the greatest profusion; the plants grow about 3 feet high..... 4 00 35 00

## Peonies.

Strong divisions, 2 to 3 eyes.

Our list is not the cheapest but the cream of all varieties.

Per 100

- ALBATRE—White, lightly shaded ivory, a few carmine lines at the center, extra.....\$5 00 00
- ACHILLE—[Calot, 1855]. Syn. Marie Lemoine of Harrison—Fine large blooms, healthy grower, profuse bloomer. Opens light flesh colored pink, finishing blush white, with an occasional creamy spot. An excellent variety for all purposes. Five inch bloom, 5 foot stem. This variety has been sold for a number of years under the name of Mary Lemoine..... 10 00
- CHAS. LIVIQUE—Delicate rose, extra fine..... 30 00
- COURONNE D'OR [Calot, 1875]—Immense, very full imbricated ball shaped blooms; color snowy with yellowish reflex with light carmine edges on a few center petals. Grand cut flower sort. Comes in after all other long stemmed whites are done. Very late..... 30 00
- DUCHESS DE NEMOURS—Very fine cup-shaped bloom, sulphur-white with greenish reflex; fine bud..... 15 00
- FESTIVA MAXIMA — Enormous full double bloom, petals very broad, color pure white with an occasional carmine spot, very vigorous grower, one of the best white peonies..... 15 00
- FLORAL TREASURE—Clear pink, very double, fragrant..... 25 00
- FRAGRANS or ANDRE LAURIES [Crousse]—Bright rose, very free late bloomer..... 7 00
- GOLDEN HARVEST [Rosenfeld 1900]—Blush white and canary yellow; extra..... 30 00
- GLOIRE DE DOUAI [Calot, 1860]—Purplish scarlet crimson with black reflex. Late..... 20 00
- HUMEI [Anderson]—Immense bloom, carmine pink, very late..... 10 00
- LADY L. BRAMWELL [Kelway]—Soft silvery pink 10 00
- LA TULIPE—Very large globular flower, flesh pink, shading to ivory-white, few of the center petals tipped crimson, quite fragrant, stems long and strong. Vigorous grower; extra..... 25 00
- MADAME COSTE - Guard petals soft pink, tufted center, tinted glossy sulphur-white; extra..... 20 00
- MADAME LEBON—Very large bloom in clusters, very full, broad petals bright cherry pink, very brilliant, intermixed with narrow salmon petals, silvery reflex. Late; extra..... 20 00
- MADAME DUCCEL—Very large globular, extra full bloom, of perfect shape, silvery salmon pink 30 00
- OFFICINALIS RUBRA PLENA—Brilliant crimson, very early..... 7 00
- ROSEA SUPERBA—Large convex bloom, very full, very fresh soft pink..... 20 00
- RUBRA TRIUMPHANS [Guein 1840]—Earliest brilliant crimson, very large bloom, brilliant yellow stamens. One of the most striking .. 15 00
- TRIOMPHE DU NORD [Mieliez 1850]—Very even violaceous pink; enormous bloom. Late midseason..... 15 00

MAY-  
QUEEN  
TRITOMA

NEW  
EVERBLOOMING  
TRITOMA

## The Everblooming Tritoma Pfitzeri.

The greatest bedding plant ever introduced, surpassing the finest Cannas for attractiveness and brilliancy, equal to Gladiolus as a cut flower and blooms incessantly from June until December, regardless of frost. Plants are perfectly hardy in the open ground all winter south of Philadelphia: further north they must be protected or wintered in a cellar like the ordinary Tritoma. Just bury the roots in sand; nothing more is required. Should be planted out early in spring, and will commence growth and bloom at once, growing larger and finer every day. Plants show from 6 to 20 grand flower stalks all the time, each holding at a height of 3 to 4 feet a great cluster of flame-colored flowers of indescribable beauty and brilliancy. Fall frosts do not kill or stop its blooming, and it is as brilliant as ever long after all other garden flowers have been killed. For cutting it is unsurpassed, and the beautiful long spikes keep several weeks in water. Without a single exception, it is the most desirable garden flower. Strong plants, \$5.00 per 100; \$45.00 per 1000.

**May Queen**—A companion to Pfitzeri, producing tall flower stems on which are borne the great plume-like blossoms of rich yellow and flame color

*Fine Plants, \$5.00 per 100; \$45.00 per 1000.*

**Goldelse**—A charming dwarf variety and one of the earliest to bloom and continues to bloom very late.

Color. Pale golden yellow with red top: very attractive. \$15.00 per 100.

**Leda**—A very useful variety. Orange scarlet and a free bloomer. \$10.00 per 100.
